Hi Patrick,

They are not subject to NEPA.

Hi Nancy,

I'm in the NEPA section, and I saw that the Draft APP for the Gunnison Copper Project was released for public comment a couple days ago. I think that you're in charge of the UIC permit, is that correct?

I'm curious as to whether the Gunnison project is undergoing NEPA review. Looks like they are on some unpatented mining claims.

We haven't seen anything about an EIS, so I'm guessing they're trying to do an EA. Any insight that you can provide would be useful.

Thanks,

Patrick J Kelly
